

POLAR THERMAL PACKAGING LTD

Clamshell Vaccine Bag

Product code: PVBCLAM

Our most compact and easy to carry bag, this can hold up to 12 standard size vaccines so is ideal for anyone with two or three house calls to make.

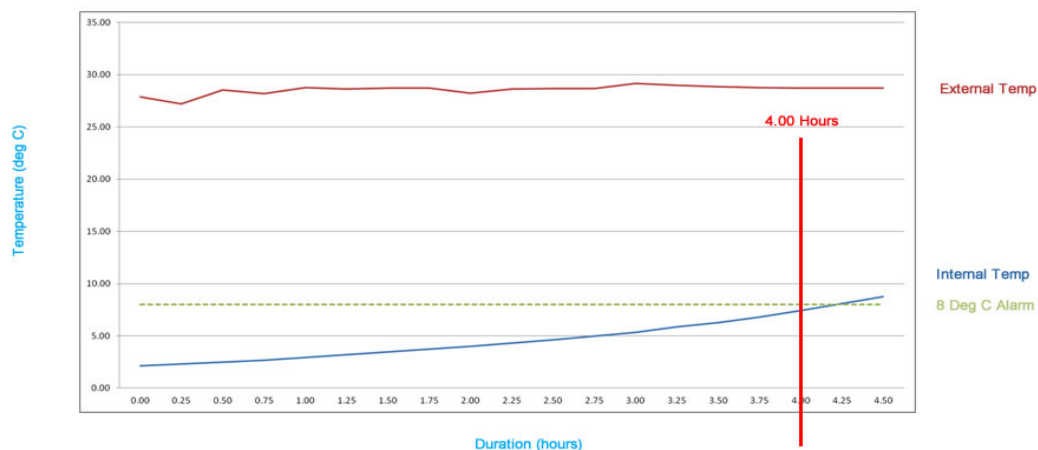

A thermal bag with carry handles that closes like a clamshell and zips up to protect vaccines and other medical vials and pharmaceutical products. Used by district medical staff to courier temperature critical medical items during home visits in the community.

Used with cool blocks to extend thermal performance when being opened and closed regularly. lightweight, hygienic, easily cleaned and complies with the UK and US safety requirements.

Will maintain a product temp of between 2°C and 8°C for up to a maximum of 4 hours.

All products are waterproof, anti-fungal and have rot proof stitching

Polartherm Clamshell Bag Temperature Performance

Guarantee
